COMPANY INTRO

With 16 years of experience in the tiles industry,

Simolex has become a trusted name known for its commitment to quality. Our customer-first approach ensures we prioritize the needs of every client, offering tailored solutions.

As a leading exporter, we proudly serve markets across multiple countries, providing full-body vitrified tiles that combine durability, elegance, and innovation to transform spaces globally.

THE ORIGIN OF A PURE MATERIAL

At Simolex, The Origin of Pure Material begins with the selection of the finest, purest raw materials. We take great pride in using only the highest quality materials, ensuring every tile is a symbol of excellence.

Our full-body vitrified tiles are crafted to perfection, showcasing a stunning natural stone look that reflects the raw beauty of nature.

The NaturalPunch texture brings depth and character to each tile, mimicking the intricate patterns found in stone while maintaining durability and elegance.

With a focus on purity and sustainability, Simolex tiles not only elevate your space but also bring the strength and timeless appeal of natural materials into your home, with a commitment to quality that lasts a lifetime.

ENDURING BEAUTY

At Simolex, we believe that every tile tells a story of strength, beauty, and versatility. Our full-body vitrified tiles come in a range of stunning finishes—matt, polished and the unique Natural Punch texture, each designed to elevate any space. With a size of 600x600 mm and a robust 9 mm thickness, these tiles offer unmatched strength and durability.

Whether you're designing a cozy home or a bustling commercial space, our tiles are the perfect choice.

Available in an extensive range of colors, they effortlessly blend with various design themes, from sleek modern aesthetics to timeless classics.

Their versatility makes them ideal for residential spaces, commercial properties, and even high-traffic areas. With Simolex, you're not just choosing tiles; you're investing in a solution that combines beauty, performance, and longevity.
