BRAND DECK

STORY THAT DEFINE US

With 16 years of expertise in the tiles industry, Simolex is a trusted name built on quality, consistency, and craftsmanship. We focus on delivering products that perform beautifully, every day.

Our customer first approach means we listen closely and respond with the right guidance, support, and tailored solutions for each requirement, project, and market.

As a leading exporter, Simolex serves multiple countries with full body vitrified tiles designed for strength, long life, and refined aesthetics. With innovation at our core, we help transform spaces worldwide with surfaces that balance durability and elegance.

OUR TILE RANGE

FULL BODY VITRIFIED TILES

Our Tile Range is crafted to suit every space with the perfect balance of style and strength. Available in two versatile sizes, 600x1200mm and 600x600mm, these tiles are ideal for both modern residential interiors and high traffic commercial areas. Choose from two thickness options, 9mm for standard applications and 15mm for enhanced durability and heavy duty performance. With refined finishes, consistent quality, and lasting appeal, Simolex tiles bring a premium surface experience that elevates floors and walls effortlessly.

WHY SIMOLEX

- ✦ Industry Expertise
- ✦ Superior Quality
- ✦ Fresh Design Thinking
- ✦ Next Gen Technology
- ✦ Wide Product Spectrum
- ✦ Customer First Approach
- ✦ Sustainable Manufacturing
- ✦ Dependable Support

Simolex stands at the forefront of surface solutions, combining years of know how with advanced manufacturing to create premium fullbody tiles. Known for design led collections and responsible production practices, we offer a broad mix of finishes suited for homes, offices, and large commercial spaces. With sustainability as a priority and service as a promise, Simolex delivers a smooth journey from selection to support, backed by clear guidance and on time dispatch.

PLANT OPERATIONS

✦ Press Sacmi

✦ Digital System

✦ Killan Modena

✦ Polishing Keda

Simolex operates a modern manufacturing facility equipped with advanced machinery including SACMI presses, MODENA kilns, high-resolution digital printing systems, and KEDA polishing lines, ensuring precision, strength, design clarity, and superior surface finish across all tile collections.

SECURE PACKAGING

Strong Boxes: Durable & cushioned

Standard Quantities: Easy handling

Clear Labeling: Size & batch info

Safe Transport: Damage-free delivery

Moisture & Export Friendly: Protected for storage

Simolex ensures safe and secure packaging to protect tiles during handling, transportation, and storage. Each tile is carefully packed using high-quality materials to maintain surface finish, edge strength, and overall product integrity.

Our packaging process reflects Simolex's commitment to quality, safety, and reliability from manufacturing to final delivery.

QUALITY & RESEARCH

- ✦ Testing & Research
- ✦ Inspection & Development
- ✦ Product Testing & R&D

At Simolex, quality control and research work together to ensure consistent performance and product excellence. Advanced testing procedures, strict quality checks, and continuous research help maintain durability, finish, and compliance with industry standards. Our R&D focus drives innovation in design, materials, and processes to meet evolving market needs.
